

Message from our Director:

The goal of IVY Inspiration was started with the student in mind. IVY Inspiration aspires to be a pre-eminent and inclusive student-focused institution, preparing engaged students for any academic obstacles and giving them the confidence to succeed independently. Through a variety of courses that are offered, students at IVY Inspiration learn to study effectively and efficiently to improve their areas of weakness. IVY Inspiration offers a reprieve from the overbearing tutors that waste the student's time and energy by meticulously asking the student to take test after test. Rather, IVY carries a large teacher base to provide the attention every student needs, and individually prepare each student. Your success is our success. I encourage you to visit IVY Inspiration and experience what really sets us apart.

Sincerely,
Sean J. Lee

Director of Operations

IVY INSPIRATION

"Aspire for Success"

ABOUT US

Our History

IVY Inspiration, founded in 2004 by Joanne Lee, is one of the few K-12 test-prep institutions that has helped students prepare and apply for local independent schools in Southern California as well as institutions throughout the U.S. With students having an endless need for test and academic preparation, Director Lee developed a plan to assist students in adapting to the ever-changing school systems, and the globalized world.

Our Mission

We are dedicated to the academic enrichment of students starting from Kindergarten through 12th grade. At IVY Inspiration we start with the student in mind, offering a personalized setting with one-on-one classes, as well as small group classes to ensure individualized guidance and to help students reach their maximum potential. IVY Inspiration has the solution for your academic needs.

As a one stop institution, IVY Institution offers these courses to build on students school curriculum to increase level of achievement as well as extensive standard test preparation.
